

ANNUAL REPORT

2013

In 2013, PREA standards, which were assigned into law in 2003, took effect within the Community Confinement Programs. Since the implementation of these standards, CJM has assigned a designated PREA Coordinator, Kim Harris to assure all PREA standards are being complied with at the residential facility.

In an effort to assure all standards are met, PREA posters have been posted throughout the facility, staff trainings have been introduced, technology has been updated and clients have been educated and assessments are conducted at the point of intake.

In 2013 CJM admitted 165 adult males to our program during that time CJM received zero allegations of sexual abuse or sexual harassment.

CJM remains committed to the safety and security of our staff and residents and will continue to promote a safe and secure environment in which staff and resident feel safe.

CJM will continue to strive to provide a safe and secure environment for all residents. CJM will continue to ensure proper training, education; detection and prevention are made available to both our staff and clients.

Anyone can report a case of sexual abuse or sexual harassment, including a staff person, a resident, or a member of a resident's family. Anyone interested in reporting an incident can do so without fear of retaliation by contacting the PREA Coordinator (203) 610-8099 or kharris@partnersforcommunity.org. You can also contact our Human Resource Department (413) 272-2219 or fcostello@partnersforcommunity.org.

**** All reports will be investigated and remain confidential****

Regards,

Heriberto Flores
