

Heriberto Flores Making A Difference

Heriberto Flores, President and Chair of Partners for Community and Historic Impact awardee, has vision and passion for helping others.

Flores co-sponsored, with the School, six Latino students in 2004. Several students were unable to complete MacDuffie for a variety of reasons, but all six credit their success in high school to that early rigor of their years at MacDuffie.

The two Flores scholars who are MacDuffie graduates now attend college - - Jonathan Delgado is a sophomore and an aspiring professional dancer at Philadelphia's University of the Arts, and Ottania Rosario, who aspires to become a neuroscientist, is a first-year student at Allegheny College.

Thank you for your leadership, Herbie.
